Forecast For Wales
Issued by Met Office Exeter
at 0400 on Tuesday 29 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny spells with a few isolated afternoon showers on Tuesday.

Today:
A few patches of light rain and the odd isolated shower will be quick to clear for a largely dry morning with some sunny spells. A few more isolated showers then possible through the afternoon alongside further sunny spells. Maximum temperature 23 deg C (73 deg F).

Tonight:
A few isolated showers over the south will turn heavy at times before widespread dry conditions overnight with some clear spells too. Feeling mild. Minimum temperature 9 deg C (48 deg F).

Wednesday:
A bright start for many before showers develop over central and southern Wales through the day. Feeling warm in any sunshine with the sunniest conditions in the north and west. Maximum temperature 23 deg C (73 deg F).

Outlook for Thursday to Saturday:
Largely clear and dry on Thursday with isolated showers over the south. Sunshine and showers on Friday before widespread rain moves in on Saturday. Feeling warm with light winds throughout.
